EHS Compliance Training

The Office of Environmental Health and Safety (EHS) offers online and classroom environmental health and safety training at no cost to most UNC Charlotte departments. Local, State and Federal regulatory requirements and UNC Charlotte injury prevention policies require employees to receive general and specific safety training to maintain an environment free from potential health and safety hazards.

**2021 REQUIRED TRAINING**
ALL EMPLOYEES must complete these state-required training sessions in Percipio at onlinelearning.uncc.edu by Sunday, October 31:

- Building Emergency Evacuation Training
- Fire Safety and Prevention

Access training by using your NinerNET credentials to log in at onlinelearning.uncc.edu.

These trainings are required annually. You can find additional details in the email to your University inbox from UNC Charlotte Percipio Compliance Training (skillsoftcompliance.noreply@skillsoft.com) the week of August 2.
